

Remarks: Examination Report

Claims 1-100 are pending in the application. Claims 46-51 were allowed. Claims 1-9, 19-22, 24-30, 36-40, 52-84, 94-97, 99 and 100 were rejected. Claims 10-18, 23, 31-35, 41-45, 85-93 and 98 were objected to.

1. The limitations of the objected Claim 23 have been incorporated into its independent claim 1, and hence should be allowable. Claim 1 also has been amended to delete the reference to the despreading and the carrier phase recovery. Applicants note that the current Claim 23 was considered allowable in an earlier action without those claim limitations, and request reconsideration.

2. Applicants have canceled Claims 2-40.

3. The objected Claim 41 has been amended with limitations from its independent Claim 37, and hence should be allowable. Claims 42-45, which were also objected to depend on Claim 41 and should be allowable.

4. Claims 46-51 are allowed claims.

5. Claims 52-84 have been canceled.

6. Objected Claim 85 and 98 have been amended to include limitations from its independent Claim 76, and should be in allowable condition. Claims 86-93, which were objected to depend on Claim 85 and should be allowable as well.

7. Claims 99-100 have been canceled.

Conclusion

Applicants have amended the objected claims to include limitations from the corresponding independent claims. All the rejected claims have been canceled. Applicants believe that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,

By: /Anand P. Narayan/
